

Summary of the Dash Camera Connect App Privacy Policy

- If you decide to use this App and accept this Privacy Policy, this App may collect the following information; compatible Dash Camera setting information / photo / video data / time data.
- The App does not send collected data or analytics data to Pioneer and Pioneer does not receive any of the data collected in the App.
- You have several rights in relation to your information, such as the right to access and to correct your information in the App. You also have the right to object to the processing for direct marketing purposes and profiling. Because Pioneer does not receive your data, Pioneer will not process your data for direct marketing purposes, profiling, or any other purpose.

Dash Camera Connect App Privacy Policy

This Privacy Policy was last revised on April 1, 2021 (version 1.0)

This Dash Camera Connect App Privacy Policy (“Privacy Policy”) applies to the use of the application “Dash Camera Connect app” (“App”) of Pioneer Corporation (“Pioneer” or “we”),

Your privacy is important to Pioneer. We respect your privacy and are committed to protecting it. To better protect your privacy and to be transparent, we provide this Privacy Policy explaining how your information (“information” or “data”) is used by the App.

Pioneer Corporation, incorporated at 2-28-8, Bunkyo-ku, Tokyo 113-0021, Japan, is responsible for data processing through the App.

Before you use the App, you should read through this Privacy Policy completely and make sure that you are comfortable with our privacy practices.

I. What information is collected?

The App collects the following information depending on how you use the App.

1. Setting information for Compatible Dash Camera.

If the user sets a Pioneer Dash Camera product compatible with this App (hereinafter referred to as "Compatible Dash Camera") through this App, this App will collect the setting information for the Compatible Dash Camera (including photograph / video recording quality product function settings, SD card format settings, etc.) and send it to the compatible products. This app does not send such information to Pioneer and Pioneer does not collect or store such information.

2. Photo / video files recorded by compatible products.

You may send photo / video files recorded by the Compatible Dash Camera from such product to a smartphone, tablet or other compatible device (hereinafter referred to as "Smartphone") using this App. When using this function, the App receives the photo / video files from the Compatible Dash Camera, but does not send such files to Pioneer and Pioneer does not collect or store such files.

3. Time data.

The App collects time data (including time settings) from your Smartphone but does not send such information to Pioneer and Pioneer does not collect or store such information.

II. How is the collected information used, and what is the legal basis for processing it?

1. Operation of the App

The data collected by the App is used to make settings and

enable functions on the Product. The App and the Product that received your data will not send your data to Pioneer and Pioneer does not collect or store your data.

2. Legal basis for processing the information (for those in the European Economic Area)

Depending on the individual case, the App processes your information based on your consent, to perform contracts, or to pursue Pioneer's legitimate interests. You can withdraw your consent, and terminate your use at any time.

III. With whom is the information shared and to what extent?

Pioneer does not receive or share the information. The information is exchanged only between the App and the Product.

IV. How long will we store the information?

Information stored on the smartphone on which the App is installed will be stored until you delete the App from your smartphone. Pioneer does not store the information.

V. How do we protect the information?

Pioneer does not store your information. If Pioneer releases a future App update that implements analytics or other functions that collect and process data, Pioneer will institute reasonable and appropriate measures to ensure the information is treated securely and in accordance with this Privacy Policy and to help prevent it from becoming disclosed to individuals who are not described in this Privacy Policy.

VI. Transfer to third countries

Pioneer does not store your information. If Pioneer releases a future App update that implements analytics or other functions that collect and process data, Pioneer may store your information on servers located outside the European Economic Area.

VII. Changes to the Privacy Policy

We reserve the right to modify or amend this Privacy Policy at any time by posting the revised version. By using the App after posting of the revised version, you consent to the updated version

of this Privacy Policy. Material changes will only affect the information we collect after the effective date of the change to our Privacy Policy unless we clearly express otherwise.

VIII. Children's Privacy

We do not provide products and services (including this App) to children, or knowingly collect or solicit information from children under the age of 16. If we learn that we have collected personal information from a child under age 16, we will delete that information as quickly as we can.

IX. Your Rights

If you are in the European Economic Area, you have the right to access a copy of your personal information, the right to request the deletion or updating of any inaccurate personal information and the right to object, in some cases (e.g. in case of direct marketing and profiling), to our processing of your personal information. If you live in other regions, you may have similar rights under applicable law, including the Act on the Protection of

Personal Information for residents of Japan, and the California Consumer Privacy Act of 2018 (CCPA) for California, U.S.A. residents, which also includes the right to opt out of the sale of personal information. Pioneer does not sell the personal information described in this Privacy Policy. Because the data collected by the App is stored only on your Smartphone and the Product, if you wish to delete or correct such data, please do so through the App and Product interfaces. Pioneer does not receive the data and so does not use it for direct marketing or profiling.

X. Appeals regarding the App

If you are dissatisfied with the processing of your information by Pioneer, you can issue your complaint to the appropriate regulatory authority according to applicable law.

XI. Point of contact for this Privacy Policy

Inquiries regarding this Privacy Policy should be directed to the following. To protect your privacy and security, we will take reasonable steps to verify your identity before processing your request.
